The Student

"Let him not be asked for an account merely of the words of his lesson, but of its sense and substance and let judge the profit he has made not by the testimony of his memory, but of his life. Let him be made to show what he has just learned in one hundred aspects, and apply it to his many different subjects to see if he has yet thoroughly grasped it and made it his own . . ."

-Michel Eyquem De Montaigne

MITCHELL COLLEGE: A CENTURY OF CHANGE

Human institutions, in their struggle for survival, must undergo change. Mitchell College has for some 120 years survived, and in the process has changed, although gradually, drastically. The extent of this change is reflected in a chronology of the major events which have shaped the College.

- 1852 The idea of a female institution of learning for Western North Carolina was germinated at a meeting of the Presbytery of Concord in the town of Lincolnton in the fall of 1852.
- 1853 A committee of five was chosen to study the matter and report back at the next meeting. This committee reported to the Presbytery at Thyatira Church on April 21, 1853, that the idea was practical and Statesville was selected as the logical location for the institution. The Presbytery immediately elected twelve members to a Board of Trustees for the establishment, the control and the supervision of the proposed school. The Charter was granted on July 9, 1853.
- 1854 The cornerstone for the college building laid on October 24, 1854. It was to be known as Concord Presbyterian Female College.
- 1855 After seven months of construction a windstorm destroyed the building just prior to completion in 1855. Not to be denied, however, building was again started.
- 1856 The school opened its doors to the first student body on September 15, 1856. During the period of its existence the institution has run the usual gamut of experiences of most similar schools of the period. There were periods of comparative prosperity alternated with those of deep financial distress.
- 1871 Due to the financial problems of the school and Concord Presbytery, the institution was sold in 1871 to R. F. Simonton.
- 1896 In 1896 the property was sold to J. P. Shearer, D.D., of Davidson, North Carolina, who repaired the building and secured Captain J. B. Burwell to conduct the College under Presbyterian auspices of the Concord Presbytery. Had it not been for this action on the part of Dr. Shearer the property would probably have been lost forever to the Presbyterian Church.
- 1900 In 1900 Dr. Shearer deeded the College to the Concord Presbytery.
- 1909 In 1909 a Public Subscription Campaign was organized and as a tribute to Dr. Shearer, for his noble contributions to the College, Shearer Hall was added to the school property.
- 1917 The institution has been variously known as Concord Presbyterian Female College, Simonton Female College, Statesville Female College and became Mitchell College in 1917.
- 1922 Mitchell became a standard Junior College in 1922 with its first Associate in Arts Degree graduate two years later.
- 1932 In 1932 it became co-educational with the enrollment of five young men.
- 1955 The College became fully accredited by the Southern Association of Colleges and Schools in 1955 as a result of the high faculty and curriculum standards established by the Board of Trustees. Also, the North Carolina Presbyterian Church took action to discontinue support of junior colleges. The Mitchell College Foundation, Inc.,* was organized by the citizens of the area for the purpose of keeping the College in operation in Statesville as an independent community college. An agreement between Concord Presbytery and Mitchell College Foundation, Inc., provided that the church would deed the assets of the College to the Foundation if the Foundation would raise \$350,000 in endowment funds.
- 1956 The Fund-raising Campaign which was begun in 1956 (pledges being paid over a three-year period) for the endowment fund was successful.
- 1959 On January 1, 1959, having met the requirements of the Presbytery, the property was transferred to the Foundation.
- 1962 In 1962 another three-year campaign was undertaken to raise \$350,000 for the purpose of increasing the permanent endowment fund, erection of a student union building with dining facilities, and acquisition of an apartment building to be converted into a boy's dormitory. This campaign was successful and the project completed.
- 1966 Another major fund-raising campaign was begun in 1966 to secure funds for the construction of a new library. This building was to be financed with the help of Federal Funds — \$220,000 grant and \$278,000 30-year 3% bonds, and local moneys of \$173,000. A total of \$166,000 was raised during the campaign and the balance was secured by the Foundation by a note with a local bank.
- 1971 Mitchell moved further in the direction of becoming a true community college by adopting an open-door admission policy and securing federal student financial aid funds. Equality of educational opportunity became an important goal of the College, and minority students were actively recruited.

Mitchell has experienced a century of change. If it is to continue as a viable educational institution, it must continue to change to meet the demands of the times.

Reading Laboratory

An eye movement camera in the Reading Lab helps to diagnose areas for improvement in reading by producing a graph of eye movements during the reading act.

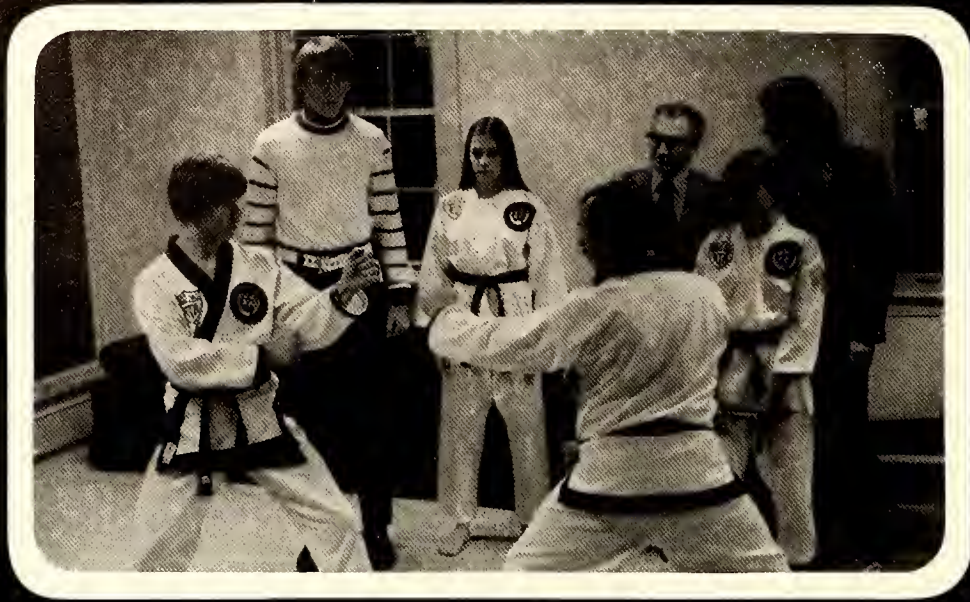

"There is nothing more powerful than an idea whose time has come." Hugo

Hence,

"There is nothing more effective than a leader whose time has come."

We find in Dr. C. Charles Poindexter such a man.

CHEERLEADERS

Cindy Nichols

Terri Foster

Debra Bradshaw

Terri Brantley

Shirley Brown

Kathy Clark

Pat Davis

The cheerleaders worked enthusiastically in their support of the basketball team during the 1974-75 season. The cheerleader selection and practice began in September and continued until the tournament was completed in March. The cheerleaders were a real highlight of the basketball games and should receive a great deal of credit for their efforts.

Mitchell Community College Baseball Team

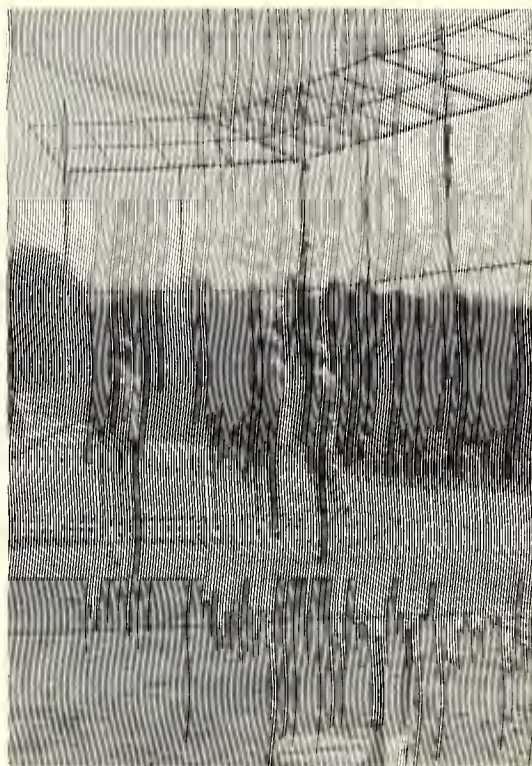

From a randomly selected group of recruits wearing old American Legion uniforms to the number two nationally ranked Junior College Baseball team in America-this was the "rags to riches" story of the Mitchell Community College Mavericks of Statesville, North Carolina. The weekly NJCAA poll ranked the Mavericks second in the nation, with only San Jacinto College of Pasadena, Texas, ahead of the North Carolina team.

The incredible journey began in the spring of 1971 when Mitchell fielded its first baseball team from ex-legion players and won sixteen of thirty-one games. The Mavericks entered the WCJCC conference in 1972, finished third, and won 26 while losing 14. 1973 saw Mitchell winning its first conference crown, finishing with a 29-9 record, and winning one out of three in the Eastern District Tournament at Louisburg.

The Mavericks obliterated 1973 records when, in 1974, they rolled to a regular season record of 39-4 with a three game sweep of the Eastern District Tournament held in Columbia, Tennessee, and a fifth place finish in the JUCO World Series in Grand Junction, Colorado.

*Team Captains
Tommy Little, Dave Roller*

Donald Spencer
Coach

The Maverick Baseball Team started practice this year on January 6. They are in quest of their third year of national ranking and maintain hopes of another trip to the National Tournament in Grand Junction, Colorado.

Gone from this year's team are First Team All-America Eddie Beam and All-America Mention Johnny Ray Gordon, but returning are seventeen members of last year's Western Carolinas Junior College Conference and Eastern District, National Junior College Athletic Association Champions.

In just four years, Maverick Baseball has brought national acclaim to Mitchell. The Mavericks have earned an overall record of 114 wins against 40 losses. They have never suffered a losing season, and have been conference champions the past two years.

When asked to comment, Coach Don Spencer said, "We are proud of the accomplishments of our baseball players. They have represented our school well. This will be the most experienced team we have ever fielded and they show great promise. We have high hopes. Last year's record of 43-6 will be hard to beat, but we will try."

BASEBALL

*I walk up to bat,
My knees begin to shake.*

*I wonder if a hit
Is what I'm going to make.*

*The first ball comes by;
It doesn't look so bad.*

*I swing the bat and miss;
That really makes me sad.*

*Two more balls come by;
The ump sees just like me.*

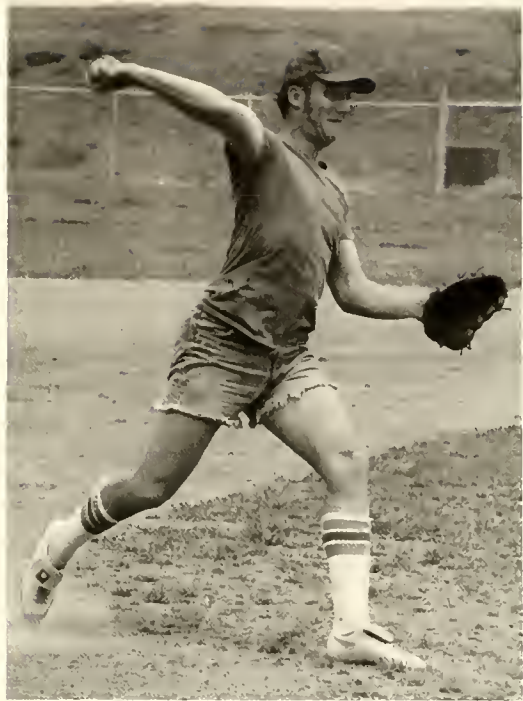

*Just two more like that,
And on first base I'll be.*

*The pitcher rares back—
He intends to throw a strike.*

*I swung! And to get that ball
The outfielder needed a bike.*

—Chris Cooke

Forgotten*

Taigi

Time flows through all our lives like a long, winding river searching for the promise of the open seas, with our past behind us, our present confronting us and our future beckoning to us. As we all go our separate ways to captain our ships of destiny, let us resolve to fully utilize the knowledge we have gained and the talents we possess for the united benefit of all mankind.
